

From the Cincinnati Gazette. The President's Proclamation.

Our dispatches give a very important proclamation which the President has been deliberating upon for some time. It declares that upon the first day of next January the slaves in all the district which then continues in rebellion, shall be declared free and defended in their freedom by the army and navy of the United States.

Slavery has been the great lever of the rebellion. The President now makes it a lever to restore peace and the Union. The way to save slavery is simply to submit to the Constitution, and accept the security it always had. The way to destroy it is to persist in rebellion.

The President also promulgates his order to his subordinate officers in the army and navy to obey the article of war prohibiting the use of the United States forces for returning fugitive black men to slavery and warns the officers of the penalty of dismissal from the service.

He also orders them to obey the law which frees all slaves of rebels who escape to our lines. This article of war and this law have been evaded and grossly violated. The strict enforcement of them may be made a means of crippling the resources of the enemy, and of aid to us, which will have a very important effect on the success of the war. The reception of fugitives from the enemy, and their protection, is the great practical means which can be made of this domestic relation, in prosecuting the war.

On the other hand, our drafts for the army now begin to tell heavily on our supply of labor, and will soon affect production and subsistence. It is not making war in earnest when we protect the compulsory labor system which feeds the enemy, while we draw our own laborers into the field and reduce our own supplies. The order to obey the article of war, and the law in regard to fugitives from the enemy, covers the great practical feature of the slavery question as means of putting down the rebellion; and, if rigidly enforced, will of itself constitute a new war policy.

THOS. M. BROWNE, Commissioner.

To-day we add the name of Geo. W. Julian to the ticket which has been standing at the head of our column for some weeks past. We do it not because we love Julian more or Bickle less, but because we love our country, and would not, if we can help it, have anything to do with helping to elect a Butternut to fill the responsible position of Congressman, and that, too, to represent the 5th Congressional District. No, no, any thing else rather than a Butternut, and such we consider the man—Johnson—nominated at Cambridge on the 11th inst. In throwing our vote for Julian, we but follow the scriptural injunction, "of two evils, choose ye the least," besides, we know, as every one else does, who has watched his course, that he is a "true blue" on the war question, that he will be faithful to what he promises, and these qualities, we hope, will overbalance other defects that he may have. We do not consider the race any longer between Bickle and Julian, but between Johnson and Julian, and as the latter is infinitely the most preferable man, we hoist his banner, and hope all good, sound Union men will make up their minds to do the same, if they have not already done so.—Liberty Herald.

A juror's name was called by the clerk. The man advanced to the Judge's stand, and said: "Judge, I should like to be excused." "It is impossible!" said the Judge decidedly. "But, Judge if you knew my reasons." "Well, sir, what are they?" "Why, the fact is,"—and the man paused. "Well, sir, proceed," continued the Judge. "Well, Judge, if I must say it—I have the lock!" The Judge, who is a sober man, solemnly exclaimed: "Clerk, scratch that man out!"

THE "STAR SPANGLED BANNER."—The soldiers of the war of 1812 now residing in Baltimore are making inquiry for the large flag that floated over Fort M'Henry at the time of its bombardment by the British. It has been used for years to decorate the Court House on holidays, but has disappeared. It was this flag which prompted the poet Key to write the anthem "The Star-Spangled Banner."

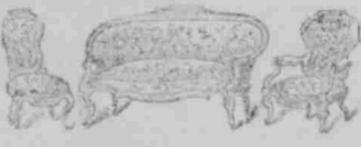

"It seems to me I have seen your physiognomy somewhere before," said a swell to a stranger whom he met the other day, "but I cannot imagine where." "Very likely," was the reply. "I have been the keeper of a prison for the last twenty years."

A son of Leroy Larsh, of this county, who was in the 69th Regiment, relates that on being paroled the traitor Gen. Kirby Smith said to them: "Now boys, go home and vote down the d—d abolitionists!"—Centreville Republican.

DR. ROBACK'S BLOOD PURIFIER and BLOOD PILLS

have been introduced to the public for more than six years, and have acquired Immense Popularity, far exceeding any Family Medicine of similar nature in the market. An appreciating public was not long in discovering they possessed remarkable Curative Properties, and hence their Rapid Sale and consequent profit to the Proprietor, thus enabling him to expend

Many Thousands of dollars each year in advertising their merits, and publishing the Numerous Certificates which have been showered upon him from All parts of the Country. The peculiarity of the Blood Purifier and Pills is that they strike at the root of Disease, by eradicating every particle of impurity in the Blood,

for the life and health of the body depends upon the purity of the blood. If the blood is poisoned, the body drops out a miserable existence. These medicines are Unequaled for curing

- Rheumatism, Liver Complaint, Skin Diseases, Female Complaints, Salt Rheum, Rheumatism, Dyspepsia, Syphilis, Old Sores, Fever and Ague, Leucorrhoea, Sick Headache, Erysipelas, St. Anthony's Fire, Tumors, Eruptions, Pits, Scrofulous Consumption, etc.

ONE person writes, her daughter was cured of fits of nine years standing, and St. Vitus' dance of two years. ANOTHER writes, his son was cured after his flesh had almost wasted away. The doctors pronounced the case incurable.

ANOTHER was cured of Fever and Ague after trying every medicine in his reach. ANOTHER was cured of Fever Sore which had existed fourteen years. ANOTHER of Rheumatism of eight years.

Cases innumerable of Dyspepsia and Liver Complaint could be mentioned by which the Purifier and Pills Work like a Charm. The Blood Pills are the most active and thorough pills that have ever been introduced. They act so directly upon the Liver exciting that organ to such an extent that the system does not relapse into its former condition, which is too apt to be the case with simply a purgative pill. They are really a Blood and Liver Tonic, which in conjunction with the Blood Purifier, will cure all the aforementioned diseases and, of themselves, will relieve and cure Headache, Constipation, Colic Pains, Cholera Morbus, Indigestion, Pain in the Bowels, Quinsies, etc.

Try these medicines, and you will never regret it. Ask your neighbors who have used them, and they will say they are Good Medicines, and you should try them before going for a physician. Get a Pamphlet or Almanac of my best agent, and read the certificates, and if you have ever doubted you will
